### **DETAILED ACTION**

1. The following is an examiner's statement of reasons for allowance: Prior art of Ueta discloses every limitations of the claims except for the protruding feature located between the fastener hole and the exterior perimeter and spaced from the seal bead. Applicants' argument that the bead section 24 extending between two adjacent bolt holes of Ueta are not "located between the fastener hole and the exterior perimeter as claimed is persuasive. Furthermore applicants' argument that every bolt hole 14 is bound by a bead 24 that does not include first and second terminating ends portions is also persuasive.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
